

HOTEL Champerret Heliopolis

All our rooms are equipped with bathroom with a bath or with a shower depending on your tastes, with flat screen television (76 cm) with cable, with hair dryer, with telephone and with WI-FI internet connection.

These rooms are with windows flowered by splendid red geraniums disseminated on an elegant masonry two floors Napoleon III style building. Some of the rooms have the privilege to have a pretty wooden balcony which gives on the patio where you can have your breakfast when the season allows it, others gives on a dead end and some on Héliopolis street a small one way direction street with a weak traffic.
